

## LEEP's Annual Membership Drive for 2010

Dear past, present, and future LEEP members,

Wow, we have an exciting year planned for 2010!!! Now is the time to join LEEP and support an organization that really does change lives. From art, to sporting events, to dances...there is something for everyone!

LEEP has been providing meaningful recreation and leisure programs for over 31 years. We are proud of the growth that our organization has experienced. Last year, LEEP had 778 different individuals registered with our organization, had over 300 Special Olympic athletes and had 9,207 people come through our doors participating in 856 programs.

Our activities are designed to teach lifelong leisure and recreation skills, to assist with integrating people into existing community programs and to increase community awareness of the abilities of all people. Our activities are not only teaching recreational skills, but they are teaching valuable life skills such as appropriate social and personal relationships, money management, community involvement, and skills to lead a healthy lifestyle. By participating at LEEP, our participants are increasing self-esteem, social skills, physical fitness, artistic abilities and creative expression.

We offer a variety of recreational options based on needs and interests of the participants. Each area of activity is designed to meet the individual needs of our consumers. They are separated by numerous factors which include age, ability levels, and interest. The services provided by LEEP are addressing physical, intellectual, social, spiritual, and emotional needs of the people we serve.
